

Today, I will make a snowflake...

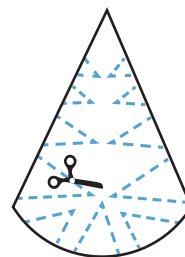

1. Fold a piece of paper in half.

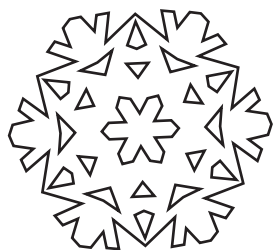

2. Fold over one side, then the other, to make two 60° folds. You can do this by eye, or you can use a protractor.

3. Cut off the edges of the paper in an arc - this makes a circle (if you were to unfold the paper).

4. Cut a lot of the paper away, creating shapes of your choice.

5. Unfold your snowflake carefully. You could decorate your snowflake with glitter!
